

ENGLISH

Books we will cover: 'Shackleton's Journey' by William Grill; 'The Wolf Wilder' by Katherine Rundell and 'The Eye of the Wolf' by Daniel Pennac

Inspired by these quality texts, children will write in a variety of genres including: diary entries, short narratives, newspaper reports, recounts and persuasive writing.

SCIENCE

During this term we will examine Living Things and their habitat, especially focused on the Polar Regions and the effect of tourism and climate change on these habitats.

MATHS

The units we will cover this term will include:

- Decimals
- Percentages
- Algebra
- Ratio

YEAR 6 – Spring Term 2020

TOPIC

Our Topic lessons will be extremely exciting this term, we will look at the History of Polar exploration and learn about some very intrepid explorers. In Geography we will use maps and globes to find the Polar Regions and examine the similarities and differences between the Arctic and Antarctic.

ART/DT

In our Art and DT lessons we look at showing the Polar Regions and the animals that live there in a variety of media and styles. In DT we will look at a range of shelters and sledges.

RE

Our Spring term units are: Christmas, Prayers in the lives of Followers of Jesus, Lent and Holy Week.

We will also study Judaism for a week focusing on the festivals of Rosh Hashanah and Yom Kippur.

PE/GAMES

During our PE we will be keeping our bodies strong and healthy and improving our balance and co-ordination using techniques from HiIT workouts and combat moves. In Games we will look at invasion games such as football and netball.
